HANDY HINTS TO MANAGE YOUR MONEY

Your ANZ Account can make managing your finances easier. You can arrange your everyday banking needs from the one account and enjoy receiving one simple statement. This could make budgeting and checking your payments much easier, and you can reduce the time it takes to do your banking.

LIMIT YOUR ABILITY TO OVERDRAW YOUR ACCOUNT

For your convenience, we may allow you to make a payment or withdrawal even when there are insufficient funds in your account. This may help you avoid the hassle of having a transaction declined. If this occurs, we may provide you with an Informal Overdraft Facility and you may be charged an Overdrawn Fee.

If you don't require this flexibility you can request that electronically authorised purchases and cash transactions, where possible, are not processed if they will cause you to overdraw your account. To arrange this, please call 13 13 14.

MINIMISE YOUR NON-ANZ ATM OPERATOR FEES

When you want to withdraw cash or check your balance at an ATM, try to use an ATM that doesn't charge you a fee for withdrawals when using an ANZ card. You can find out more about ANZ ATMs by visiting anz.com.

AVOID PAYING UNNECESSARY ACCOUNT KEEPING FEES - SWITCH YOUR REGULAR TRANSACTIONS

There's an easy way to switch your regular debits, payments and deposits to your ANZ everyday bank account. Simply visit anz.com/switch and follow the simple instructions. You can also use this service to switch your salary payments or alternatively, you can fill out the enclosed form and hand it directly to your employer or payroll administrator.

EASY ACCESS TO YOUR MONEY OVERSEAS

You can use your card and PIN to withdraw local currency at PLUS ATMs worldwide (fees apply, including overseas ATM transaction fees and overseas transaction fees). You also have the added benefit of being able to make purchases with your own money at POS terminals wherever Visa is accepted. Just remember to press credit when you're using your card overseas.

If you are heading overseas and plan to use your ANZ Access Visa Debit card, provide ANZ your overseas travel itinerary using ANZ Internet Banking. That way, we know when you have used your card and other ANZ accounts overseas. This helps avoid transactions being stopped by ANZ Falcon™ on your accounts when we detect overseas purchases. Simply log in to ANZ Internet Banking and:

- Select **Contact** from the header
- Select **Inform us of your international travel plans** and provide your details.

Alternatively, you can visit **Support** in the ANZ App and give us a call from there. Your call will go through with your identity already confirmed.

YOUR CARD IN YOUR CONTROL

Take control of your eligible card all from the app. We've got you covered. Temporarily block your card if you misplace it, report your card as lost or stolen, or block gambling transactions. Choose the account, tap **Manage**, then **Manage Card** and follow the prompts.

See what you can do using the ANZ App at anz.com/anzapp.

SETTING UP PAYMENTS TO YOUR NEW ACCOUNT

SALARY PAYMENTS

Arrange for your salary to be paid into your account by providing your employer or other paying organisation with your BSB and account number.

For your convenience, we have included a Salary Payment Authorisation form in this booklet (see Page 13). Simply complete the form (or complete the form your employer provides) and hand it to your employer or payroll administrator.

CASH DEPOSITS AND TRANSFERS TO AND FROM OTHER ACCOUNTS

To make a cash deposit into your account, simply visit any ANZ branch or selected ANZ ATMs, or you can transfer funds from another linked ANZ account using ANZ Internet Banking or the ANZ App, or using a Visa Direct enabled Original Credit Transaction (where available). You can also transfer funds from an account with another financial institution using your PayID⁶ or BSB and account number. You may be able to transfer funds to an account you hold with a Visa Direct enabled merchant or other person via an Account Funding Transaction (where available).

DIRECT DEBITS AND RECURRING TRANSACTIONS

For regular expenses like rent, utilities or car repayments, you can setup a recurring transaction through Visa, or direct debits to your account.

To setup a regular payment arrangement using Visa, simply provide the organisation with your card number, expiry date and advise the card is a Visa. Some organisations may require the Card Verification Code located on the back of your card (this is the last 3 digits on the signature panel).

6 Available when the sending and receiving accounts are capable of processing faster payments. Not available on some ANZ accounts, including ANZ Home Loans and ANZ Personal Loans. Technical interruptions may occur.

If an organisation doesn't accept Visa for recurring payment arrangements but instead uses direct debits, simply provide them with your BSB and account number.

GETTING STARTED

To enjoy the convenience of 24/7 access⁷ to ANZ Internet Banking, ANZ Phone Banking and the ANZ App, the first thing you need to do is obtain a Customer Registration Number (CRN) and Telecode.

If you didn't receive these when you opened your account, you can call 13 13 14 or you may be able to recover your login details online.

TO USE ANZ INTERNET BANKING FOR THE FIRST TIME

- Go to anz.com, select **Internet Banking** and then select **Register**.
- Enter your CRN and Telecode to register for ANZ Internet Banking. Alternatively, you may be able to register for ANZ Internet Banking with your ANZ card number, PIN and registered mobile phone number.

⁷ Temporary service interruptions may occur.

Terms and conditions apply to ANZ Internet Banking, ANZ Phone Banking and the ANZ App.

The ANZ App is provided by Australia and New Zealand Banking Group Limited (ANZ) ABN 11 005 357 522. Super, Shares and Insurance (if available) are not provided by ANZ but entities which are not banks. ANZ does not guarantee them. This information is general in nature only and does not take into account your personal objectives, financial situation or needs. ANZ recommends that you read the ANZ App Terms and Conditions available at www.anz.com and consider if this service is appropriate to you prior to making a decision to acquire or use the ANZ App.

- You can start using ANZ Internet Banking as soon as you have finished registering. You can also use your CRN and Internet Banking password to register for the ANZ App. Find out more at anz.com/anzapp.

TO USE THE ANZ APP

1. Grab your mobile phone

You'll need to have an active Australian mobile phone to receive your registration confirmation code by text message.

2. Download the app

Open the App Store or Google Play on your device, then search **ANZ Australia** and download the ANZ App to get started.

3. Register and confirm

Next, enter your Internet Banking login details and your mobile number, then create a 4-digit secure PIN. Complete your registration by entering the code sent to you via text message.

4. Bank the way that works for you

Make the everyday a little easier with great banking and payment features to manage your money on the move. You can use the ANZ App to activate your card and set your PIN, temporarily block your card if you misplace it⁸, and see more information about your purchases at a glance. That's handy.

TO USE ANZ PHONE BANKING

- Simply call 13 13 14 anytime. We're available 24/7.
- Enter your CRN and Telecode when prompted and start banking.
